I have purchased products from Best Medical for my entire 31 year career in medical physics, 11 years at the University of Cincinnati and 20 years at Ball Memorial Hospital. It is by far the most customer oriented company that I have ever dealt with. I have never had less than an excellent experience in all the orders that I have placed over the years. The representatives are friendly, helpful and always exceed my expectations. I offer my sincere thanks for the great service you provide to the radiation oncology community.
